ABSTRACT

This index is a companion volume to the "Education Directory, 1972-73: Higher Education". The directory is published annually; this index is published and distributed to reflect the biennial changes in the U.S. Congress. This 1973 edition reports the names of the Senators, Representatives, and other elected officials of the 93rd Congress, their states and Congressional districts, and each institution of higher education located therein. Since the 1971 edition, 41 states have been redistricted. These changes are reflected in the listings for those States. The index includes all institutions meeting at least one of the criteria enumerated below, including new schools certified by the Accreditation and Institutional Eligibility Staff of the Bureau of Higher Education to the National Center for Educational Statistics through September 15, 1972: (1) accreditation or approval by a nationally recognized accrediting agency, by a State Department of Education, or by a State university; (2) preaccreditation state of "correspondent" or "recognized candidate for accreditation" with a designated, nationally recognized accrediting agency; or (3) certification that the institution's credits have been and are accepted for transfer by no fewer than three accredited institutions as if coming from an accredited institution. The index does not include other postsecondary schools, such as 1-and 2-year business schools, hospital schools of nursing, trade schools, or similar institutions. (Author)

FOREWORD

This Index of Institutions of Higher Education, by State and Congressional District, is a companion volume to the Education Directory, 1972-73: Higher Education. The Directory is published annually; this Index is published and distributed biennially to reflect the biennial changes in the U.S. Congress.

This 1973 edition reports the names of the Senators, Representatives, and other elected officials of the 93d Congress, their States and Congressional Districts, and each institution of higher education located therein. Since the 1971 edition, 41 States have been redistricted. These changes are reflected in the listings for those States.

The Index includes all institutions meeting at least one of the criteria enumerated below, including new schools certified by the Accreditation and Institutional Eligibility Staff of the Bureau of Higher Education to the National Center for Educational Statistics through September 15, 1972: (1) accreditation or approval by a nationally recognized accrediting agency, by a State Department of Education, or by a State university; (2) preaccreditation status of "correspondent" or "recognized candidate for accreditation" with a designated nationally recognized accrediting agency; or (3) certification that the institution's credits have been and are accepted for transfer by no fewer than three accredited institutions as if coming from an accredited institution. The Index does not include other postsecondary schools, such as 1- and 2-year business schools, hospital schools of nursing, trade schools, or similar institutions.

METHODOLOGY

The data on congressional districts from which this Index is derived were obtained from the institutions of higher education in the Higher Education General Information Survey of 1972-73. Those data were entered on the computer files in the summer of 1972; however, the election of 1972 and the redistricting of 41 States for the 93d Congress necessitated a major update of the files in order to produce this publication.

The new districts for the institutions were obtained from lists supplied by the Departments of Education and the Higher Education Facilities Commissions of the redistricted States and from the institutions themselves. Final data were obtained from corrections to lists circulated to members of Congress for verification of districts. The names of the Senators and Representatives were obtained from lists supplied by the Clerks of the Senate and House of Representatives.

In this Index a branch of an institution which is reported separately for Directory purposes is treated as a separate institution and is listed in the congressional district in which it is located. When district boundaries pass through a campus, the business address determines the district.

ABBREVIATIONS

The names of the institutions in this Index are identical with those appearing in the Education Directory, 1972-73: Higher Education, where the names were limited to 25 letters and spaces. It was impossible to abbreviate within the required limitations for a few institutions, such as the rabbinical academies. When this happened, the institutions were requested to abbreviate their names as they would prefer them to appear. Following is a list of the standard abbreviations used in this publication:
